Battery Acid Tester

gefo **s** Item No. 6500

Product

- Large model with bulged glass cylinder
- For large vehicle batteries and stationary accumulators
- Accurate reading through large scale with small graduations
- Suitable for calibration, supplied with calibration certificate on request
- Spare parts:
Areometer
Item No. 7003
Glass cylinder
Item No. 6502

Applications:

- Tests the battery acid
- For large vehicle batteries and stationary accumulators

Data

Overall length:
328 mm

Size:
53 x 53 x 335 mm

Weight:
150 g

Density measuring range:
1.08 – 1.30 g/ml

Graduations:
0.005 g/ml

Suction volume:
38 ccm

Suction hose length:
45 mm
